## WORK EXPERIENCE

### **SkipTheDishes**

**Calgary, AB**

#### **Software Engineering Intern**

**2021-2022**

- Completed an extensive 8-week front-end and back-end training program facilitated by SkipTheDishes
- Improved the React Jet Pie Project library by developing 1 additional feature for a text input component
- Updated the payment API, resulting in speed improvements and reduced loading time by approximately 1s
- Conducted exploratory testing on the courier portal following a framework migration, resulting in the identification of 5+ critical defects and 10+ minor bugs
- Performed comprehensive code reviews 0 - 3 times per day for back-end Java and front-end JavaScript codebases, providing feedback before launching to the production environment

### **Rimbey Family Foods**

**Rimbey, AB**

#### **General Manager**

**2016-2018**

- Oversaw aspects of store operations, including inventory, customer service, and staff management
- Trained and supervised 5+ employees, emphasizing product knowledge and customer service
- Collaborated with vendors to ensure timely and accurate deliveries, maintaining a high level of product quality and customer satisfaction

## PROJECTS

### ***Portfolio Page***

**May, 2023**

- Invested 2 weeks to develop a polished and professional portfolio page to showcase relevant projects, work experience and technical skills
- Applied a combination of HTML, CSS, Javascript, React.js for implementation and deployed the portfolio on Vercel
- Please feel free to explore the portfolio and provide any comments by visiting the provided [Portfolio Link](#)

### ***Capstone Project - Motiv Optimize***

**2022-2023**

- Collaborated with a team of 5 students to develop an application that empowers marketing teams to create efficient campaigns and websites using the Multi-Armed Bandit algorithm
- Utilized Next.js, TypeScript, HTML, CSS, and Material-UI for implementation and deployed the project on Vercel
- Participated in the Schulich School of Engineering design fair and achieved an outstanding 2nd place in the software category, showcasing innovative design, functionality, and overall excellence
- Please feel free to explore the application by visiting [motive-optimize](#)

## EDUCATION

### **University of Calgary**

**Calgary, AB**

Bachelor of Science in Software Engineering, **Cumulative GPA: 3.274/4.000**

## SKILLS

HTML/CSS, JavaScript/TypeScript, React, Nextjs, Java, C++, Python, MySQL, GitHub

## CERTIFICATIONS

Javascript Algorithms and Data Structures - FreeCodeCamp

**June, 2023**
